BATCH 1  
ASSIGNMENT 4

CODE:

```
const express = require('express');

const app = express();
const port = 3000; // Replace with your desired port number

// Example route for a GET request at "/"
app.get('/', (req, res) => {
  res.send('Hello World!');
});

// Example route for a POST request at "/data"
app.post('/data', (req, res) => {
  // Handle incoming data from the request body (e.g., using req.body)
  console.log('Received data:', req.body);
  res.send('Data received successfully!');
});

app.listen(port, () => {
  console.log(`Server listening on port ${port}`);
});
```

OUTPUT:

A dark-themed terminal window showing the output of the application. The text "Server listening on port 3000" is displayed in a light gray monospace font.
